TOTAL NUMBER OF FACULTY: 13

NUMBER OF GACS CERTIFIED TEACHERS: 11

**FTE CERTIFICATION PERCENTAGE: 82.8 %

I verify that all information is accurate.

Administrators Signature: Mr. Administrator

Date: _____

*FTE = Full-Time Equivalency. For each full-time teacher, write a "1". For each part-time teacher, write the number of class periods taught each week as a fraction of the number of class periods in your school week, I.E.: 10/35, then convert fractions to decimal numbers: 10/35 = .29.

**To calculate FTE percentage, add the numbers in the FTE column for certified teachers. Divide the FTE number for certified teachers by the total FTE for all teachers. (A sample is attached for your reference.)
